The **Mandalore system**,[1] also known as the **Mandalorian system**,[5] was a star system located in the Mandalore sector of the galaxy's Outer Rim Territories that contained the planet Mandalore,[1] homeworld of the Mandalorian people, its moon of Concordia,[2] and the planet Kalevala.[3] Although nominally a member of the Galactic Republic, the Mandalore system declared itself neutral during the Clone Wars[4] and was a member of the Council of Neutral Systems led by Satine Kryze, duchess of the New Mandalorians,[2] though the system itself was led by Prime Minister Almec.[6]

Behind the scenes Edit

The Mandalore system first appeared in the new *Star Wars* canon in "The Mandalore Plot," the twelfth episode of the canon animated series *Star Wars: The Clone Wars*' second season,[2] which originally aired on January 29, 2010.[7] It was first mentioned in the *Star Wars* Legends reference book *The Empire Strikes Back Sketchbook*, written by Joe Johnston and Nilo Rodis-Jamero and released in June, 1980.[8]
